Cable tray ideas. Expansion guide clamp for cable tray. Cable tray length. Cable tray to cable tray distance. Cable tray standard size. Cable tray clamp price.

Top reviews Most recent Top reviews from the United States Top reviews from other countries These days, we're all connected, and while more and more technologies are going wireless, there are still plenty of cables to go around. And with so many cables and cords connecting to so many different devices, it doesn't take long before you're being consumed in a sea of tangle wires. Thankfully, we have cable management ideas that will take care of all of your needs. Call them "cable organizers" if you like. In fact, this is the only place on earth where you can find cute cable clips with animal faces on them and industrial braided sleeving that works in 2000° F. We checked! Of course we also have plenty in between, otherwise that would be a bit weird. So whether you're outfitting the home, office, or industrial facility, we are sure you'll find a solution that fits your application, from heat shrink for sealing and termination, to just about every kind of tie, wrap, clip, clamp, fastener, and winder you can imagine wrapping around your cables around. Welcome to the home of cable management! Whether you're outfitting the home, garage, office space, or industrial facility, we can help you find the perfect cable management solution for your needs - from braided sleeving to heatshrink to just about every kind of tie, wrap, clip, clamp, fastener, and binder you can imagine. Keep your wires, cables, and hoses organized with our extensive selection of products. CABLE RACEWAY One of cable management's best kept secrets! Sleek and discrete, cable raceway is designed to protect, route, and conceal wires and cables. We offer a number of specialized varieties, including latching raceway, and sliding channel raceway, in cable management parlance, a raceway is essentially any rigid and enclosed or semi-enclosed channel. Just something to impress your friends with. CABLE SLEEVING Cable sleeving is one of the most efficient (and stylish!) solutions for organizing and protecting cables and wires. And we stock a wide variety of cable sleeving, to wire loom and conduit, to spiral wrap. Braided sleeving by Techflex® is a particularly popular choice for versatile, full-coverage protection. From general purpose PET wrap for home cable management to specialized, heat-resistant fiberglass for automotive, military, and even aerospace, Techflex has a braided sleeving solution for just about everything. CABLE TRAY SYSTEMS When you need to run high quantities of power or data cables overhead or under-floor, a cable tray system is the perfect solution. Also known as baskets, trunking, and cable ladders, cable tray systems route and provide support for long lengths of cables. Browse a variety of options from popular brands like Snake Tray® and Wiremaid USA® / Cable-MGR®. WIRE DUCT A wire duct unit is, essentially, a durable wire trough that facilitates easy organization, pulling, and separation of cables. Wire duct is perfect for protecting sensitive electrical wiring from debris, dust, and other external contaminants. And we stock a comprehensive collection, from simple solid wall ducts by WireRun[™] and to high capacity Versi-Duct® systems by Leviton®. HEATSHRINK One of our most popular products, heatshrink is designed to contract under controlled application of heat from a heating agent like a heat gun. Once shrunk, the tubing will permanently hold its new form. It is typically used to provide sealing, termination, insulation, and/or strain relief for wires or cables. Check out 3M®'s incredible variety of colors, perfect for color coding or just adding some style to any network setup! For specialized options like high-frequency EMI shielding, browse our collection of Shrinkflex by Techflex®. CABLE AND HOSE CARRIERS Running power cables and hose carriers come in. Collectively known as 'cable tracks', cable and hose carriers guide cables and hose carriers are specially designed to withstand abrasion and stress associated with manufacturing environments. CABLE SUPPORT SYSTEMS When building an entire cable tray system just isn't practical, opt for one of our more flexible cable support in the areas you need it most, and keep your wires and cables suspended in a simple, adjustable fashion. Arlington and Cooper B Line are two of our favorites! CABLE TIES Simple, economical, and effective, cables ties are an invaluable tool for everyone from the DIY hobbyist to the professional contractor. High tensile strength and ease of use make cable ties are an invaluable tool for everyone from the DIY hobbyist to the professional contractor. wires and cables. And we have a great selection for you to browse, including classic nylon zip ties to stainless steel ties by top brand ACT®. WRAPS, CLIPS, AND CLAMPS Keep your wires and cables fastened with our collection of wraps, clips, hooks, bundlers, and clamps. We stock everything from simple wraps for managing headphone wires to professional electrical wire clamps for bundling and routing in tricky environments. Some of our favorite brand choices include sturdy Mag Daddy™, stylish BlueLounge , and ultra-convenient Belkin™. HOOK-AND-LOOP WRAPS AND FASTENERS Reusable and adjustable, our hook-and-loop style wraps are a great solution for keeping wires, cords, and even hoses organized and secure. You may use 'VELCRO' as a catch-all for these types of fasteners, but nothing beats the classic brand itself - and we have tons of VELCRO' as a catch-all for these types of fasteners, but nothing beats the classic brand itself - and we have tons of VELCRO' as a catch-all for these types of fasteners, but nothing beats the classic brand itself - and we have tons of VELCRO' as a catch-all for these types of fasteners, but nothing beats the classic brand itself - and we have tons of VELCRO' as a catch-all for these types of fasteners, but nothing beats the classic brand itself - and we have tons of VELCRO' as a catch-all for these types of fasteners, but nothing beats the classic brand itself - and we have tons of VELCRO' as a catch-all for these types of fasteners, but nothing beats the classic brand itself - and we have tons of VELCRO' as a catch-all for these types of fasteners, but nothing beats the classic brand itself - and we have tons of VELCRO' as a catch-all for these types of fasteners, but nothing beats a catch-all for these types of fasteners, but nothing beats a catch-all for these types of fasteners, but nothing beats a catch-all for these types of fasteners, but nothing beats a catch-all for these types of fasteners, but nothing beats a catch-all for these types of fasteners, but nothing beats a catch-all for the catch and the cat They're especially helpful when dealing with extra long bundles! CORD REELS AND WINDERS Keep your extension and power cords under control with our cord reels and winders. We stock a variety of options from top brands like ReelCraft® and Rack-A-Tiers®, so whether you need a heavy-duty winder that can handle thousands of feet of industrial cable or a small retractable cord reel for personal use, you'll be able to find it here. FABRIC CORD COVERS Flexible, functional, and ultra-discrete, fabric cord covers eliminate tripping hazards and keep wires and cables secure and protected. From decorative cable sashes to sturdy zipper sleeve braided covers, we have a fabric cord cover for every environment.
